

TOWN OF GREENBUSH
BUDGET WORKSHOP MINUTES
October 16, 2025

Chairman Michael Limberg called the Budget Workshop for the Town Board of the Town of Greenbush to order at 7:03 p.m. Members present included Michael Limberg, Tony Wagner and Mary Kracht.

Clerk/Treasurer Jon J. Miller described the preliminary budget he prepared. He detailed how revenue estimates for 2026 had been determined with many of the more substantial amounts being predetermined by the Wisconsin Department of Revenue and other state authorities. Miller described a budget that largely mirrored the experience of 2025 with a couple notable exceptions: 1) the savings from the end of the revaluation process undertaken by the assessor, 2) the need to fund four election dates in 2026, 3) the need to purchase checks in 2026, 4) the contracted increase in garbage disposal costs. Tony Wagner suggested an amount should be added to the budget to allow for the purchase of land necessary to pursue restoring the Center Street Bridge. That and one late arriving state revenue estimate were the only changes made to the preliminary budget prepared for the meeting.

The Town Board also briefly discussed the contents of Town's Annual Newsletter.

The meeting was adjourned at 7:18 p.m.

Jon J. Miller
Clerk/Treasurer
